

ESTIMATION PRO — TONNAGE × PER-TON BAND

Project: Quick Analysis

Generated: 2026-05-26T11:16:30.774574+00:00

Model: STRUCTMIND CORE · PRO

SHA-256: 9e6a306734c74bb52ddb755189eff617fc631958e772534e0f7f72a815902d6

To proceed with the SteelSight — Estimation Pro analysis, please provide the following required inputs:

1. Project Files: Upload all relevant structural drawings (framing plans, elevations, sections, details), specifications, and any available Bill of Materials (BOM).
2. Per-Ton Rate Band: Specify your shop's commercial per-ton fabrication rates:
 - RATE_PER_TON_LOW (e.g., \$3,500 / ton)
 - RATE_PER_TON_HIGH (e.g., \$4,200 / ton)

Once these inputs are provided, I will execute the full tonnage take-off and cost estimation as per the requested mode.
